

**Amendments to the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

**Listing of Claims:**

1. – 9. (Cancelled)

10. (New) A double-sided pressure-sensitive adhesive sheet consisting of a laminate containing a flexible base layer, a first black layer and second black layer on each side of the flexible base layer and a first pressure-sensitive adhesive layer and second pressure-sensitive adhesive layer, wherein said first pressure-sensitive adhesive layer and second pressure-sensitive adhesive layer are the outermost layers on either side of the laminate, wherein the thickness of said laminate is no greater than 60  $\mu\text{m}$ .

11. (New) A double-sided pressure-sensitive adhesive sheet according to claim 10, wherein said first black layer and second black layer are black printed layers formed on each side of the flexible base layer.

12. (New) A double-sided pressure-sensitive adhesive sheet according to claim 10, wherein two laminates each comprising a pressure-sensitive adhesive layer, a flexible base layer and a black layer are prepared and their black layers are laminated together via a lamination layer.

13. (New) A double-sided pressure-sensitive adhesive sheet according to claim 10, wherein said laminate further comprises a reflective layer.

14. (New) A double-sided pressure-sensitive adhesive sheet according to claim 13, wherein said reflective layer is a metal layer.

15. (New) A double-sided pressure-sensitive adhesive sheet according to claim 13, wherein said reflective layer is a white film.

16. (New) A double-sided pressure-sensitive adhesive sheet according to claim 13, wherein said reflective layer is a white printed layer.
17. (New) A double-sided pressure-sensitive adhesive sheet according to claim 13, wherein said reflective layer is situated between the second black layer and the second pressure-sensitive adhesive layer.
18. (New) A double-sided pressure-sensitive adhesive sheet according to claim 14, wherein said reflective layer is situated between the second black layer and the second pressure-sensitive adhesive layer.
19. (New) A double-sided pressure-sensitive adhesive sheet according to claim 15, wherein said reflective layer is situated between the second black layer and the second pressure-sensitive adhesive layer.
20. (New) A double-sided pressure-sensitive adhesive sheet according to claim 16, wherein said reflective layer is situated between the second black layer and the second pressure-sensitive adhesive layer.
